

## INITIAL ASSESSMENT – MUSIC TECHNOLOGY & PRODUCTION

### Initial assignment – Music Technology / Production

#### Career Goals

Please choose two job roles that interest you in the music industry. This could include Performer, Producer, Live Sound Engineer, Music Researcher/Journalist, or Events Promoter, or any other music related job roles.

For each of the two roles please write around **300** words, and include some information on the following:

- Skills and knowledge required
- Potential Employers
- Experience needed

Please also include reasons behind your choices, and why these roles interest you.

It needs to be a hand written piece of work. Please make sure it is legible and pay attention to spelling, punctuation and grammar. Please also include your name

You will need this for your first lesson of the year.
